Personal Information

Passport No.: PA4796346

Passport Expiry Date: 27 November 2035

Permanent Address: Melamchi-11, Sindhupalchok, Nepal

Date of Birth: 03 February 2003

Marital Status: Unmarried

Whatsapp No.: +977 9761851010

Summary

Motivated UI/UX Designer with an academic background in Computer Applications and hands-on experience designing user-centred web and mobile applications. Strong understanding of human-centred design principles, usability, and interaction design, with experience collaborating across multidisciplinary teams. Demonstrated ability to translate complex requirements into intuitive digital solutions, supported by practical exposure to Flutter-based development and real-world product environments.

Educational Background

Tribhuvan University — **Kathmandu, Nepal**

Bachelor in Computer Applications (BCA), CGPA: 3.38 — *2020 – 2025*

Jaya Multiple Campus

Duration: 4 years

National Examination Board (NEB) — **Kathmandu, Nepal**

Higher Secondary Education (+2), Science (Physics), CGPA: 3.38 — *2018 – 2020*

Manakamana Secondary School

English Proficiency

IELTS: Result awaiting

Work Experience

Cognix Insights — **Nepal**

Associate UI/UX Designer — *Feb 2025 – Present*

- Designed intuitive and accessible user interfaces for web and mobile applications.
- Collaborated closely with developers, product managers, and stakeholders to align design with functional requirements.
- Created high-fidelity UI designs, reusable components, and design systems using Figma.
- Supported front-end development tasks using Flutter to ensure design consistency.

Internship Experience

Cognix Insights (formerly Waterflow Technology)   **Nepal**
UI/UX Design Intern   *Nov 2024 – Feb 2025*

- Supported senior designers and developers in real-world digital products.
- Designed user journeys, wireframes, and interactive prototypes using Figma.
- Participated in usability reviews and applied feedback to improve designs iteratively.
- Gained hands-on exposure to Flutter-based UI implementation alongside design work.

Projects

Connect Infinity – Call Center Management System: Designed a comprehensive UI/UX solution for a call center platform to improve operational efficiency, including agent dashboards, ticket management workflows, call tracking, and reporting interfaces with usability and clarity in focus.

Naasa X – Trading Platform (Web and Mobile Application): Contributed to the design of a multi-platform trading application supporting client services and internal workflows. Worked on UI design and interaction patterns while collaborating with developers to ensure smooth design-to-development alignment.

Naasa KYC – Digital Identity Verification System: Designed end-to-end user flows for a secure KYC platform and contributed to Flutter-based form development, validation logic, and user experience enhancements.

AgriLink – Smart Agriculture Platform: Designed and developed a smart platform connecting farmers and vendors directly, enabling efficient communication, market access, and data-driven decision-making. Integrated basic machine learning algorithms to provide insights, recommendations, and predictive analytics to optimize agricultural operations and improve productivity.

Skills

Design & Development: UI/UX Design, User Research, Wireframing, Prototyping, Interaction Design, Design Systems, Usability Testing, Flutter, Dart, .NET, React, Python

Tools: Figma, Canva, Jira, ClickUp, Azure DevOps, Android Studio, Visual Studio

Soft Skills: Communication, Team Collaboration, Problem Solving, Time Management, Adaptability, Critical Thinking, Attention to Detail

Certifications

Figma UI/UX Design – Advanced

Motion Design with Figma
